PROFILE SUMMARY

Motivated and skilled fresher MERN Stack Developer with expertise in MongoDB, Express.js, React, and Node.js. Proven ability to design and develop dynamic, responsive web applications, with a strong commitment to continuous learning and professional growth. Eager to leverage technical skills and innovative thinking to contribute effectively in a collaborative, fast-paced work environment

PROJECT

Project - 1
Event Management System
(MongoDB, Express.js, React.js, Node.js)

* Developed a comprehensive event management platform with features for creating, managing, and RSVPing to events, ensuring a user-friendly experience for both
* organizers and attendees. Implemented real-time updates and notifications, along with robust search and filter functionality for easy event discovery and registration.
* Created a detailed organizer dashboard to manage events, view attendance statistics, and analyze engagement metrics.

Project - 2
E-commerce Web Application
(MongoDB, Express.js, React.js, Node.js, Bootstrap)

* Developed a fully functional e-commerce web application with features for product browsing, cart management, and secure online payments using JWT and Stripe API. Created
* an admin panel for managing products, including adding, editing, and deleting items, with real-time inventory updates.

SOFT SKILLS

1. **Problem-Solving:** Proficient in analyzing and resolving technical challenges.
2. **Team Collaboration:** Strong team player with effective collaboration abilities.
3. **Adaptability:** Quick to learn and adapt to new technologies and environments.
